Transport	102	90	13.3%
Total	361	301	19.9%

Recorded Crime Rolling Year Trend

Key points

1. Continuing on from the last panel in November crime has fallen again with a reduction of 5.7% in recorded crime when compared to the previous 12 months.
2. The rise in ASB is mainly attributable to Covid breach logs which are recorded as ASB or public safety. We are seeing a significant number of reports of alleged Covid breaches which we are dealing with, this is having an impact on our day to day business and where there is evidence the breach is a deliberate or persistent act we will be looking to take enforcement action.

The rise in Burglary is mainly linked to one multiple occupancy property which was Burgled by an ex tenant, he was arrested the following morning for 4 Burglary's and was released under investigation pending forensic results. Although he did plead guilty during interview.

3. Over the past few months there has been a push on tackling the drugs network within and around Bodmin, working with our partner agencies we been bale gather intelligence, put partial closures on properties, and get two drugs warrants approved by the courts which are due to be actioned this week. This links in with one our local policing priorities.
4. The Bodmin policing priorities for January are:
 - Covid Pandemic – Using the 3 E's approach. Engage, Explain, and Encourage, before Enforcement is considered if necessary.
 - Targeting the supply of illegal drugs.
 - Protecting domestic violence victims and targeting offenders.

- Reducing youth and Young adult violence/ ASB, targeting of those carrying weapons.
-
5. We are promoting the use of community engagement via the online messaging services, we are keen for people to get in touch with us via these networks. We send out DC Alerts reaching over 500 people, the use of the partners sharing protocol is leading to intelligence being submitted promptly and accurately, which subsequently helped secure the two drugs warrants.

 6. Overall the arrival of the skate park in Priory Park has been a success with young people travelling from around the local area to use it. Typically, a facility like this attracts groups of young people who gather. The local neighbourhood team and Youth Offending Team are working closely with the schools to engage with the young people of Bodmin to ensure they are aware of the consequences of getting involved in criminal activities and that there are people out there who are be looking to use them, such as County Lines.

If anyone has any particular issues or questions for the Police at the meeting if you are able to let me know beforehand and I can do any necessary work to ensure I can have the answer at the meeting.
